

Week Five: February 4, 2012 – February 11, 2012

This week has been very exciting. Team Driven got a lot of work done. We were even featured in the Courtwarming assembly.

The Build team has finished the prototype this week. They are currently perfecting parts and fix a few small problems.

The Communications team got their got their "I <3 Robots" bracelets in. They will be selling them soon for \$5. The money goes to an

orphanage down in Haiti. They have ordered lanyards. They are working on typing the sponsor papers.

Chairman's video script has been written. The video will feature one of the team's youngest members.

The CAD team has finished CADing the robot and is currently working on assembling parts.

The animation team is making great progress and should be working on their script in the next few days!

Team Driven has collected 180 cans so far! Our goal is 500 cans so please continue bringing in cans!
